SUMMARY

Construction project manager with 13 years building public-agency facilities, including five Utah public school district projects (one \$76M / 350,000 sf), historic civic and ecclesiastical renovations, and Las Vegas Strip tenant work. Strong owner-side discipline, multi-discipline coordination, and full financial control of multi-million-dollar projects. Boulder City High School graduate — hometown candidate.

EXPERIENCE

Westland Construction, Inc.

Nov 2015 – Present

Progressive roles: Project Engineer → Assistant Project Manager → Project Manager → Superintendent → Scheduler

Project Scheduler

Feb 2026 – Present

- Built and rolled out a project scoring and tracking system in Power BI, integrating data from Procore (PM software), Westland's ERP, and SmartPM (schedule analytics) into a single executive dashboard for portfolio-level oversight.
- Cross-portfolio Primavera P6 CPM scheduling for Westland's active pipeline; build and maintain baselines, lead schedule reviews with project teams, and report progress to stakeholders.
- Estimating a large international religious project — scope buyout, subcontractor solicitation, and owner coordination — alongside support on additional upcoming pursuits.

Project Manager — Brigham & Mary Ann Young Home — Nauvoo, IL

2025 – Present

Period-correct historic preservation of Brigham Young's home,

- Lead PM on specialty historic-preservation project; full project P&L control, subcontractor selection, period-correct material sourcing, and owner coordination.
- Phased work plan to preserve museum operations during construction; coordination with preservation specialists and museum staff.

Project Superintendent / APM — Nauvoo Temple Visitor Center — Nauvoo, IL Dec 2024 – Present

New Construction, 20,200 sf

- Opportunity to work with and learn directly from Westland's Founder, Stan Houghton. Under his direction, led 2 direct reports through field execution, owner coordination, and turnover toward a public-facing facility opening in mid-2026.
- Directed subcontractor crews and trade partners; managed daily schedule, quality control, and owner-inspection coordination.
- Continuing as Assistant Project Manager through closeout and post-construction support; coordinating warranty items and owner handoff remotely from Salt Lake City.

Project Manager — Toronto, Ontario Temple Renovation — Toronto, ON

Oct 2023 – Dec 2024

Comprehensive renovation, 61,000 sf

- Full mechanical system replacement plus interior renovation, including all restrooms, religious ordinance rooms, and baptistry. Held full project P&L and cost controls on a working-occupied renovation; led 2 direct reports plus design and consultant team.
- Coordinated 30+ tiered subcontractor packages, owner stakeholders, and design engineers across cross-border procurement, customs, and phased construction.

Project Engineer / Assistant Project Manager — St. George Historic Temple

2019 – 2023

Comprehensive renovation, 142,000 sf

- Worked alongside and supported an expert team of 12 project on-site construction management staff.
- My direct responsibilities included subcontractor coordination, schedule coordination, and submittal/RFI, document control, and change management workflows across a complex delivery in an historic preservation setting.

Project Engineer / APM — Mountain Ridge High School — Herriman, UT

2017 – 2020

Jordan School District; New Construction, \$76M, 350,000 sf

- Effective project lead through three-year build with full financial control of pay applications, change orders, and owner cost reporting; assigned PM averaged about one hour per week of project time.
- Conducted annual performance reviews on assigned project staff; coordinated daily with district owner representatives, design team, and 40+ subcontractor crews on a public-bid project.

Project Engineer — Earlier Westland Projects — Utah

Nov 2015 – 2017

Public school districts and ecclesiastical / institutional clients

- **Richfield High School** — Rebuild, \$34M, 290,000 sf.
- **Springside Elementary** — New Construction, \$18M, 79,000 sf; owner-accelerated 7-month delivery.
- **Rock Canyon Elementary** — Rebuild, \$13.5M, 80,000 sf.
- **Sunset View Elementary** — Rebuild, \$13.5M, 80,000 sf.
- **Deseret Industries – Springville** — New Construction, 110,000 sf.
- Across school district work: public-bid procurement, prevailing-wage compliance, owner-rep coordination, and AHJ inspection workflows.

McCarthy Building Companies, Inc. — Las Vegas, NV

2014

ENR Top-10 General Contractor

- **Brooklyn Bowl @ The LINQ** — Tenant Improvement, 78,000 sf, Las Vegas Strip. Supported subcontractor coordination, RFI/submittal management, and progress tracking on a high-profile Strip tenant build-out.
